

## MI-Access 1% Cap Exception Application List

### General Information on the 1% Cap:

Federal policy requires that the MDE provide an application process for districts to exceed the 1% cap for students taking alternate assessments. By default, not more than 1% of proficient MI-Access scores can contribute as proficient scores for scorecard purposes; those students with proficient scores above the 1% score inclusion cap will count as *not proficient* for scorecard purposes. More information can be found in this presentation at: [http://www.michigan.gov/documents/mde/MI-Access\\_Cap\\_Exception\\_Information\\_459065\\_7.ppt](http://www.michigan.gov/documents/mde/MI-Access_Cap_Exception_Information_459065_7.ppt).

### Information on the List Below:

Listed below is the CURRENT list of school districts with approved 1% cap exception applications for appealing the proficiency of Special Education students during the 2014-15 preliminary scorecard window that will be available this fall. This list does NOT mean that the districts NOT listed below cannot assess students using the MI-Access assessment portfolio. It also does NOT mean that the districts NOT listed below are limited on how many students can take a test from the MI-Access assessment portfolio. Districts should continue to administer the assessment determined to be the most appropriate for the individual student by content area as determined by their IEP team. What the list below DOES mean is that the districts NOT listed below, are subject to 1% cap of counting proficient MI-Access scores as proficient for scorecard purposes. Districts that ARE listed below will be able to count up to 2% of their proficient MI-Access scores as proficient for scorecard purposes.

### Meaning of Expiration Date Below:

The 1% cap exception waiver expiration dates listed in the table below are meant to indicate the last preliminary scorecard appeals window that a district's waiver will be valid through.

A waiver expiration date of 12/1/2015 means that the district will be allowed to submit 1% cap exception appeals during the 2014-15 draft preliminary scorecard window. A district with this expiration date will need to apply during the winter/spring 2016 1% cap exception application window in order to submit 1% cap exception appeals during the 2015-16 preliminary scorecard window.

A waiver expiration date of 12/1/2016 means that the district will be allowed to submit 1% cap exception appeals during the 2014-15 AND 2015-16 preliminary scorecard windows. A district with this expiration date will need to apply during the winter/spring 2017 1% cap exception application window in order to submit 1% cap exception appeals during the 2016-17 preliminary scorecard window.

### Applying/Reapplying:

Districts needing to apply/reapply can do so in the winter/spring exception application window, offered in the Secure Site. The application window to apply/reapply is currently available in the Secure Site until 5:00PM on Tuesday, June 30, 2015. If a district NOT listed below was to apply in the spring 2015 window and was approved, they would be able to appeal their MI-Access cap on the 2014-15, 2015-16, and 2016-17 preliminary scorecards as approved applications are good for appealing 3 consecutive preliminary scorecard windows.

**List of Currently Approved 1% Cap Exception Waivers:**

DistrictCode	DistrictName	1% Cap Waiver Expiration Date
01010	Alcona Community Schools	12/1/2017, Request New Waiver in Spring 2018
02070	Munising Public Schools	12/1/2017, Request New Waiver in Spring 2018
